Would Council consider the installation of a public dump point (black water disposal unit) in Westbury, as a matter of priority, in an effort to attract and retain the ever increasing numbers of RV (recreational Vehicle) tourists within the Meander Valley which have demonstrated benefits for local businesses?

Response from Martin Gill, General Manager

2. COUNCILLOR QUESTIONS WITH NOTICE – MARCH 2019

2.1 Cr Tanya King

- (a) What is the total land area of Tasmanian Wilderness World Heritage Area within the Meander Valley Municipality?

Response by Martin Gill, General Manager

1,258 sq. km. (Total area Meander Valley - 3,325 sq. km)

- (b) What percentage of the Municipal land mass does this represent?

Response by Martin Gill, General Manager

Approximately 38%

- (c) A newspaper article in the Mercury dated 20/2/19 by David Killick states that 'past inquiries in 2013 and 2016 identified practical solutions to problems that were identified'. Could council please source copies of the findings from these inquiries?

Response by Martin Gill, General Manager

Council has a copy of the following reports on record:

- **2013 Tasmanian Bushfires Inquiry**
- **Tasmanian Wilderness World Heritage Area Bushfire and Climate Change Research Project – response to 2016 fires**
- **Federal Senate – Environment and Communications References Committee: Response to, and lessons learnt from, the January and February 2016 Bushfires in remote Tasmanian wilderness**

- (d) Michael Ferguson MP has indicated that yet another inquiry will take place following the current fire season. Could Council please contact Minister Ferguson to ask what actions were taken in response to the previous two inquiries?

Response by Martin Gill, General Manager
Council will contact the Hon. Michael Ferguson MP.

It is noted that the Report of the Auditor General No.4 2015 – 2016 included a report on the 2013 Tasmanian Bushfires inquiry. The report included an assessment of the level of completion for each of the recommendations from the inquiry. The Auditor general qualifies the assessment stating - the assessment is based on whether everything that could reasonably have been done at this point in time has been done.

The Auditor General found that:

There had been a high level of implementation of the inquiry's 30 immediate and 25 secondary recommendations.

- (e) When a fire occurs in the TWWHA, who decides on whether to fight the fire, or not? What is the current protocol for fire management in the TWWHA?

Response by Martin Gill, General Manager
The following extract is taken from the Tasmanian Wilderness World Heritage Area Bushfire and Climate Change Research Project

Tasmania Parks and Wildlife Service is the management authority for the TWWHA and meets its responsibility for managing bushfire in the TWWHA through a combination of activities. These activities are guided by the TWWHA Management Plan 2016 and other well-developed policies and plans that cover bushfire prevention, preparedness, response and recovery.

The Tasmania Fire Service supports and works closely with the Tasmania Parks and Wildlife Service in fire management in the TWWHA, but does not

take a direct operational role for response in the TWWHA, except when very large fires occur, fire threatens human settlements or the fire operational capacity of the Tasmania Parks and Wildlife Service is exceeded. The Tasmania Fire Service has a collaborative role in terms of preparedness and may have a support role in recovery from some bushfires in the TWWHA. Forestry Tasmania also works closely and cooperatively with the Tasmania Parks and Wildlife Service in many aspects of fire management.

(f) What has been the total financial cost to fight the fires this fire season?

Response by Martin Gill, General Manager

There has been no final financial cost published for the 2019 fires.

The cost of the firefighting response in 2016 is estimated at \$52.6 million. This cost was attributed to 145 vegetation fires at approx. 126,800 hectares, which includes 19,800 of TWWHA. (1.3% of TWWHA)

3. COUNCILLOR QUESTIONS WITHOUT NOTICE – MARCH 2019

3.1 Cr John Temple

The new IGA in Westbury will open in just over 3 months.

Meander Valley Road is noticeable becoming busier and most of the Westbury population lies south of Meander Valley Road.

Is there to be another 50 km/h zone near the Supermarket?

Response by Martin Gill, General Manager

Council officers will investigate and assess the need for any speed reduction.

Is there to be a pedestrian crossing particular for the young, elderly or infirm near the supermarket?

Response by Martin Gill, General Manager

Council officers will investigate and assess the need for any road safety infrastructure.

3.1 Cr Tanya King

Thank you to the General Manager and officers for the answers to my questions in the agenda. The answer to question 2.1.c refers to 3 reports. Where might the interested members of our community find copies of these reports?

Response by Martin Gill, General Manager

These reports are available o:

http://www.dpac.tas.gov.au/divisions/osem/2013_tasmanian_bushfires_inquiry_report/2013_tasmanian_bushfires_inquiry_report

- **Tasmanian Wilderness World Heritage Area Bushfire and Climate Change Research Project (response to 2016 fires) - Department of Premier and Cabinet**

http://www.dpac.tas.gov.au/_data/assets/pdf_file/0008/313010/Final_Report_TWWHA_Bushfire_and_Climate_Change_Research_Project_December_2016.pdf

https://www.aph.gov.au/Parliamentary_Business/Committees/Senate/Environment_and_Communications/TasmanianBushfires45/Report

Research indicates that the TWWHA was first established in 1982. Given that 38% of the total land area of MVC is now TWWHA, what input did Meander Valley Council have in the establishment of the TWWHA and its crippling covenants leading up to its inception?
